Long synopsis:

The Haunted Hollow ~ Book Two

What if the impossible was just a kiss away?

Long before she became the witch of the Haunted Hollow, Ruby Radley was just a girl in love with the wrong boy. Step into the past and find out if Ruby is doomed to become the terrifying Scheherazade or if, with a little help from unexpected places, she can change her destiny.

It's 1942 and Ruby, a beautiful heiress to a massive family fortune and the step-granddaughter of a powerful necromancer, has no say in man she marries. She'd tried sabotage, prayer, even charms and hexes and nothing has succeeded in preventing her impending marriage to a man she hates. Secretly in love with town outcast, Justin Wyatt, Ruby finally turns to morally ambiguous shadow magic in a desperate attempt to rewrite her fate. But all magic has a price.

Justin Wyatt knows he has no chance with a girl like Ruby and is headed off to war with nothing to come home to. Until Ruby turns a farewell with friends into the most incredible night of his life. And the strangest. When a time traveling detective from the future and two meddling ghosts get involved, who knows how events will unfold this time. What price is Ruby willing to pay and how far is Justin willing to go for love?

Points of Interest about *Before My World Turned Blue*:

1. *Before My World Turned Blue* was heavily influenced by my interest in Afro-Caribbean religions, my love of Dr. Who (favorite Doctor: David Tennent) and a desire to reimagine what a ghost story can be.
2. I travelled all over California doing research for the Haunted Hollow series, including tracking down ghost towns, visiting the still impressive Empire Gold Mine in Grass Valley and sampling the delicious wines of Sonoma County.
3. *Before My World Turned Blue* takes place in late September. It and the entire series is an homage to my love of autumn, Halloween (October 31) and the Days of the Dead (November 1 & 2).
